## EDITORIAL TEST

---

### PART 1: GRAMMAR, SPELLING, AND PUNCTUATION

This section checks your ability to find errors in grammar, spelling, or punctuation. If you find an error, use standard editing marks to note your corrections.

He brings alot of experiance to the position of Chief Financial Officer.

The pencil rolled off of the workbench.

He's been a carver for several years now.

Tupelo is known for it's lack of grain, making it a very nice wood to texture.

If you follow these instructions, you'll find success.

Without a teacher to instruct him, the pattern seemed impossible to scroll.

Her last article "Milestones Frame" appeared in Summer 2002 (Issue #8).

The class is full, but we'll try to acommodate as many interested people as we can.

Suddenly, the blade broke loose, making a terrible racket.

Manufacturers would like to believe differently, but everyone loves their own saw.

A number of different scrollers has given permission to have their patterns in a book.

You can't always get what you want.

In this article are the instructions for cutting the wood and adding finish to the project.

Generally, blades are sold in packages, but sometimes you can buy them separately.

Jim would have liked to have gone to the carving show.

"You can use virtually any type of wood to make this project", says Bill, "but I suggest pine."

The common tools used in woodcarving such as gouges, knives and chisels can quickly take up all available woodshop space.

A fully-illustrated guide to intarsia appears in the Spring 2002 issue of Scroll Saw Workshop.

They returned back to the event hall after getting a bite to eat.

## PART 2: EDITING

---

There are three passages below. Review each one and edit as necessary. Use standard editing marks to note your corrections.

### PASSAGE #1

Of all the woodcarvers in the club, Jack definitely had the the talent to become a world champion. He feels that its necessary to have both the ability to create an artistic carving but also have skills he can employ to render a technically perfect project. Most noticable about his carvings would be that the look very real.

### PASSAGE #2

Ron recommends using a #5 spiral blade for the project. There are others who believe that a No. 3 blade is a better choice. When it comes right down to it, just about any blade will be alright to use.

### PASSAGE #3

John and his wife Joyce left for a trip to Thailand. It's a place they've definitely wanted to visit. It's been difficult, however, for them to make a firm committment because of their exhaustive teaching schedule. Teaching is something they both love immensely.
